OFFICE OF PETITIONS

In re Application of :
Moti Shai :
Application No. 10/774,080 : ON PETITION
Filed: 9 February, 2004 :
For: LASER BEAM TOY AND MOUSE :

This is a decision in reference to the petition under 37 CFR 1.181 filed on 27 March, 2006, to withdraw the holding of abandonment.

The petition is **DISMISSED**.

This application became abandoned on 22 September, 2004, for failure to submit a proper response to the Notice to File Missing Parts of Nonprovisional Application mailed on 21 July, 2004, which set a two (2) month shortened period for reply. No extensions of the time for reply in accordance with 37 CFR 1.136(a) were obtained. Petitioner was advised of the abandonment of the application in the Decision on Petition to Make Special Under 37 CFR 1.102(c)(1) mailed on 21 February, 2006.

Petitioner asserts that a proper and timely response to the Notice was filed. Specifically, petitioner asserts that he was not timely informed that the declaration was defective.

A review of the record reveals the following:

1. On 21 July, 2004, the Notice of Missing Parts was mailed, requiring an executed declaration, \$10.00 towards the statutory basic filing fee, and a late filing surcharge.

2. On 19 August, 2004, petitioner filed the required fees and the first page of a declaration form. The signature page, however, was missing.
3. On 13 December, 2004, a Notice of Incomplete Reply was filed, stating that the previously filed reply was incomplete because the inventor's signature was missing, and that the period for reply remained as set forth in the Notice mailed on 21 July, 2004.
4. On 14 January, 2005, petitioner filed an executed declaration.

While petitioner did submit an executed declaration on 14 January, 2005, said filing was untimely as a reply to the Notice to File Missing Parts, as the Notice of Incomplete Reply mailed on 13 December, 2004, stated that the time period for reply remained as set forth in the Notice to File Missing Parts mailed on 21 July, 2004. As such, a four (4) month extension of time was required on 14 January, 2005, for a timely reply to the Notice mailed on 21 July, 2004, which set a two (2) month extendable period for reply. As petitioner did not submit a request and fee for a four (4) month extension of time, the application became abandoned as a matter of law on 22 September, 2004.

In this regard, 37 CFR 1.135 states, in pertinent part:

(a) If an applicant of a patent application fails to reply within the time period provided under § 1.134 and 1.136, the application will become abandoned unless an Office action indicates otherwise

(b) Prosecution of an application to save it from abandonment pursuant to paragraph (a) must include such complete and proper reply as the condition of the application may require.

As the showing of record is that a complete and timely response was not filed, the application is abandoned.

Petitioner may wish to consider filing a petition to revive the application, accompanied by the proper fee. A copy of the form for filing a petition to revive under 37 CFR 1.137(b), and a copy of the fee schedule, is enclosed.

Any request for reconsideration must be filed within **TWO MONTHS** of the date of this decision. **This period may not be extended.**¹
